

Dry Cow Webinar

Joint Programme

The Lakeland Dairies/Teagasc Joint Programme is hosting a webinar in conjunction with Animal Health Ireland's CellCheck initiative.

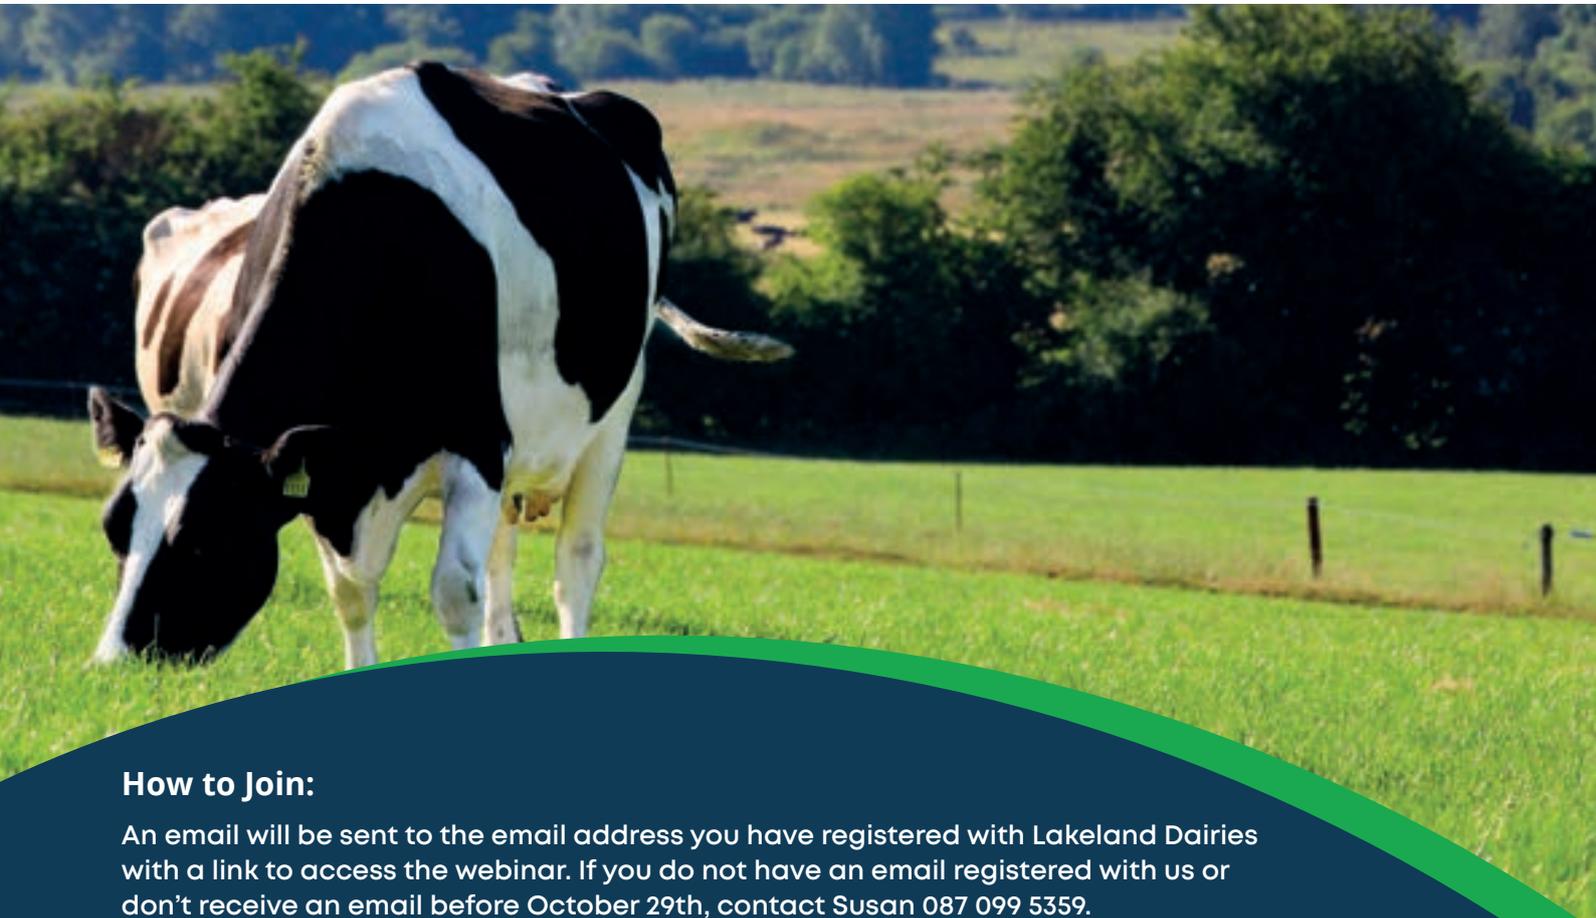

Our guest speaker is Frank O'Sullivan, a practicing vet based in Patrick Farrelly Veterinary in Trim. Frank is trained and approved in advisory for targeted animal health. There will also be speakers from Lakeland Dairies' Milk Quality Team.

When:

**30th October 2024
@ 8.00 pm**

Topics being covered:

- ▶ Best practice around dry-off
- ▶ Selective Dry Cow Therapy
- ▶ Identifying suitable cows for selective dry cow therapy
- ▶ Know when to treat and when to cull

How to Join:

An email will be sent to the email address you have registered with Lakeland Dairies with a link to access the webinar. If you do not have an email registered with us or don't receive an email before October 29th, contact Susan 087 099 5359.
