

Lakeland Dairies - Drop-in Clinics

Drop-in Clinics on New NI Payment System

Lakeland Dairies will host a series of drop-in clinics to assist farmers with any queries in relation to making a decision on the second step of the new Northern Ireland Payment System.

All farmers are encouraged to drop into their nearest clinic between the allocated times below if they have any queries in relation to removing or retaining their benchmark figures or moving to the A + B – C payment model for the second step of the implementation of the new NI Milk Payment System.

Your local Milk Advisor will be there to answer any questions.
