ACI DUCT SMOKE DETECTORS

ACI PART	FEATURES	SYSTEM SENSOR P/N	NOTES
<p>SL-2000-P 4 WIRE CONVENTIONAL DUCT SMOKE DETECTOR</p> 	<p>Multi-voltage, including 230/240VAC range</p> <p>Test port allows smoke testing w/cover in place and automatically seals</p> <p>4 Thumb screws/one cover</p> <p>Can be mounted horizontally or vertically</p>	<p>D4120 D4240</p>  <p>DUCTSD DUCTSD240</p> 	<p>Need to open cover for smoke testing</p> <p>Different SKUs offer either 120V or 240V</p> <p>7 screws (need tools)/ 2 covers</p> <p>Different SKUs offer either 120V or 240V Test port needs to be manually sealed 7 screws (need tools)/ 2 covers</p>
<p>RT-3000-P 4 WIRE CONVENTIONAL DUCT SMOKE DETECTOR</p> 	<p>Weather tight & Corrosive resistant NEMA 4x rated</p> <p>Multi-voltage, including 230/240vac Raised LED lights for 180° vision</p> <p>One latch to remove cover w/wiring label</p> <p>Cover tether keeps cover attached to base</p> <p>Clearly labeled terminal blocks /easier wiring</p>	<p>D4120W</p> 	<p>30/240VAC range not offered in the D4120W</p> <p>NOT corrosion resistant</p> <p>Need to open cover to test and to see indicator lights</p> <p>7 screws (need tools)/ 2 covers</p>
<p>HS-100-P 4 WIRE CONVENTIONAL DUCT SMOKE DETECTOR SPECIAL APPLICATIONS</p> 	<p>Plenum special application Universal voltage</p> <p>One single SKU complete in box Remote Test stations compatible</p>	<p>2151 + B114LPBT</p>   <p>2151 + B114LP</p>   <p>2D51 + B210LP + D4P120</p>   	<p>Various SKUs</p> <p>System correct parts selection & assembly needed</p> <p>Not offered in full voltage</p> <p>Remote capability only available w/ board addition</p>
