

Setting-up the farm correctly this Autumn and ensuring winter feed stocks

Webinar

Join us online for this informative session

8.00 pm Wednesday 28th August, 2024

Speakers:

Joseph Dunphy (*Teagasc Grass 10*) and **Joseph Butler** (*Lakeland Dairies Nutritionist*)

Topics to be discussed:

- ▶ Good infrastructure ensures extended grazing.
- ▶ Targets for extending the grazing season.
- ▶ Setting the farm up for Spring 2025.
- ▶ Fodder situation within the co-op.
- ▶ What actions to take if you are in a fodder deficit.

Here's how to take part:

Do put the time and date in your diary

The webinar will run for about 45 minutes with questions afterwards. A text message will be sent out with a link for you to join the webinar.

Join us for these online sessions. We'll be delighted to see you.

Kind regards.
